

# DATA SHEET – 316SS

## FLUID TRANSFER AND FILTRATION TROLLEY

### Overview

Pressure Dynamics' fluid transfer and filtration trolleys are safe, robust, compact, reliable and simple to use.

Standard fluid compatibility with:

- Water glycol
- Control fluids
- Mineral oils

This trolley offers high performance and resistance to corrosion.

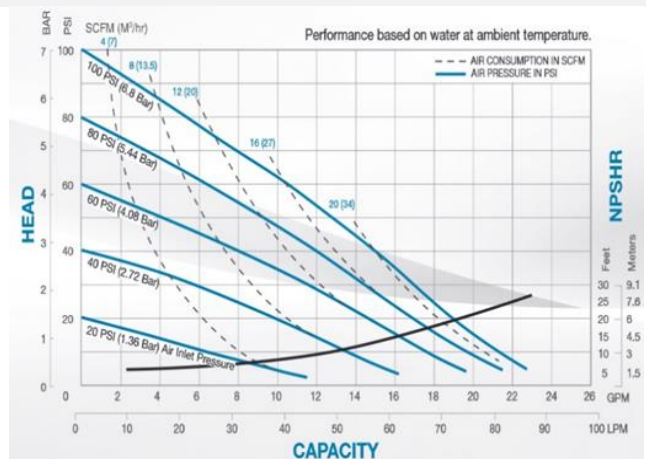

### Build Specification

<b>Pump</b>	Pneumatic diaphragm pump, polypropylene
<b>Pressure</b>	6.9 Bar (100PSI)
<b>Air Supply</b>	Compressed air <150PSI
<b>Gross Weight</b>	60kg
<b>Dimensions</b>	H: 1000mm W: 700mm D: 600mm
<b>Flow Rate</b>	@1.5Bar head, 70LPM
<b>*viscosity dependent</b>	@4.0Bar head, 43LPM @5.0Bar head, 30LPM
<b>Trolley Connections</b>	15/16" JIC or 1" Camlock standard
<b>Tank Connections</b>	15/16" JIC or 2" Camlock standard
<b>Air Interface</b>	Minsup Type A

### Equipment Details

<b>Construction Material</b>	316 Stainless steel- frame, fasteners, dust caps/tethers Compatible elastomeric seals.
<b>Tubing</b>	316SS tubing/fittings
<b>Hoses</b>	Custom length 316SS trim, suction and delivery hoses, tested, tagged with serial numbers, 316SS caps and tethers
<b>Filter</b>	20" 316SS Housing, 3-Micron
<b>Flow Control</b>	Control and isolation via robust regulator/filter with vented 316SS isolation valve, 316SS liquid filled gauge
<b>Wheels</b>	Low maintenance urethane, on nylon wheels self-lubricating bearings

# ABOUT PRESSURE DYNAMICS

Pressure Dynamics is an engineering and services contractor specialising in hydraulic and lifting solutions.

Our team of highly skilled project managers, engineers and technicians are committed to collaborating with our clients in providing innovative, quality-assured services and products that deliver superior function, reliability and safety.

When we deliver, we focus on:

## RELIABILITY

Optimising equipment and system performance - to maximise your ROI.

## PRODUCTIVITY

Maximising operational reliability of assets and equipment safely and cost-effectively.

## INNOVATIVE SOLUTIONS

Developing creative, fit-for-purpose solutions to meet our client's true needs and objectives.

## RISK MANAGEMENT

Delivering and maintaining quality, cost-effective and safe equipment and assets while mitigating risk.

## MUTUAL SUSTAINABILITY

Delivering skill, knowledge and understanding through our documentation, user-intuitive products and training services.

## Market sectors we operate in:

Oil & Gas

Mining

Marine

Defence

Infrastructure

Power & Utilities

## Our location network

Abu Dhabi, UAE  
Ghana, W Africa
