

# DATA SHEET – HPU026

## HYDRAULIC POWER UNIT

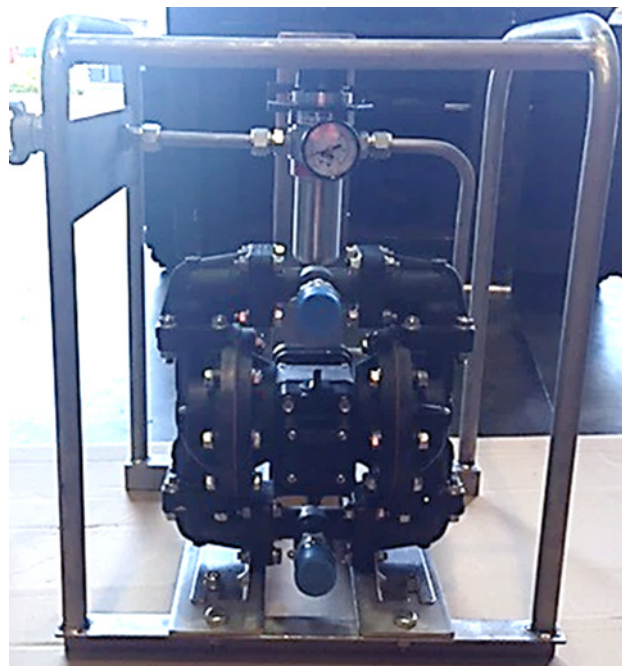

### Overview

Pressure Dynamics HPU026 is light weight and portable fluid transfer unit.

Comes with 15m 3/4"ID suction hose and 10m 1/2"ID discharge hose.

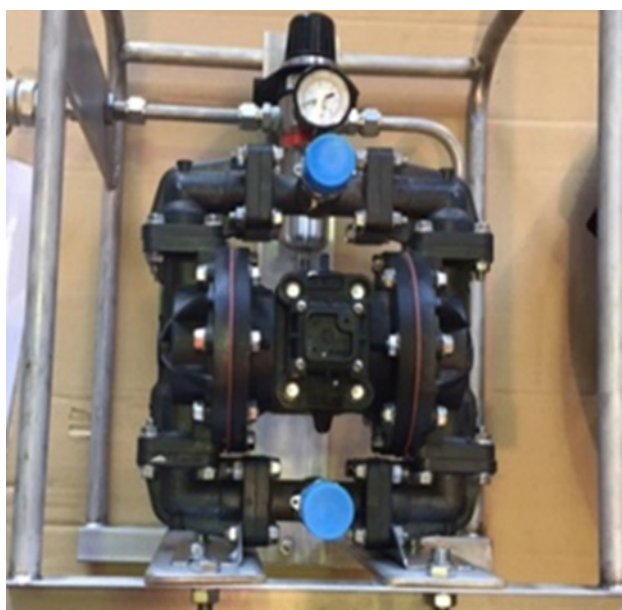

### Build Specification

|                                  |   |
|----------------------------------|---|
| <b>Gross Weight</b>              | 30kg  |
| <b>Dimensions</b>                | L:1.51m, W:1.21m, H:1.20m                   |
| <b>Typical Design Life</b>       | 20 years                                    |
| <b>Frame / Skid construction</b> | Material: Steel plate AS3678 grade 250/350. |
| <b>Hydraulic Tube Work</b>       | Welding: AS1554.1 CAT SP                    |
| <b>Materials Certification</b>   | Typ. ASME B31.3                             |

### Operating Specifications

|                           |   |
|---------------------------|---|
| <b>Fluid Types</b>        | Mineral Oil / water                           |
| <b>Pump Drive 1</b>       | Sandpiper<br>S05B2C1TCNS000<br>Diaphragm Pump |
| <b>Pump Pressure</b>      | 0-7bar  |
| <b>Pump Flow</b>          | 0 – 52 L / min                                |
| <b>Filter / Regulator</b> | to 7 bar                                      |
| <b>Air Supply</b>         | Minsup A                                      |

# ABOUT PRESSURE DYNAMICS

Pressure Dynamics is an engineering and services contractor specialising in hydraulic and lifting solutions.

Our team of highly skilled project managers, engineers and technicians are committed to collaborating with our clients in providing innovative, quality-assured services and products that deliver superior function, reliability and safety.

When we deliver, we focus on:

## RELIABILITY

Optimising equipment and system performance - to maximise your ROI.

## PRODUCTIVITY

Maximising operational reliability of assets and equipment safely and cost-effectively.

## INNOVATIVE SOLUTIONS

Developing creative, fit-for-purpose solutions to meet our client's true needs and objectives.

## RISK MANAGEMENT

Delivering and maintaining quality, cost-effective and safe equipment and assets while mitigating risk.

## MUTUAL SUSTAINABILITY

Delivering skill, knowledge and understanding through our documentation, user-intuitive products and training services.

## Market sectors we operate in:

Oil & Gas

Mining

Marine

Defence

Infrastructure

Power & Utilities

## Our location network

Abu Dhabi, UAE  
Ghana, W Africa
